Technology Policy- Smart Learning

Vision

To transform the learning community through creative, digital innovation.

Mission

- Stretching student and teacher thinking and imagination beyond traditional classroom walls through innovative digital learning.
- Implementing student centered instructional design in order to create an environment to nurture the 21st century learner.
- Creating a deeper emotional and cognitive connection to unique challenges so that students experience relevant learning
- Fostering outside the box thinking to lead a global citizen's mindset.

Purpose

This agreement outlines the responsibility of students, parents and the school for the use of and care of their iPad.

Learning is an ongoing interaction between students, teachers, administrators and parents. Using iPads within education can help augment the curriculum while allowing students to better learn and comprehend the material.

The policies, procedures and information within this document apply to all iPads used in school. Teachers and administrators may set additional requirements for use in their classroom.

An iPad User Agreement must be signed and handed in to your supervisor before the iPad will be received.

iPad ownership and management

Ownership

The iPad is a students' property. If your child leaves school, or graduates, the school will wipe the iPad of any apps or software purchased by the school and return it to you.

Please note that if your child leaves the school, you cannot return the iPad to us and we cannot refund you for the iPad. The school will wipe the iPad and return it to you.

Management

The school will manage the iPads through a central system. The purchase of apps and other software will be managed by the school. Applications should not be installed or uninstalled by the student. It is the responsibility of the school to install and uninstall all applications.

The school will provide every student with an Apple ID, through the school account.

At the end of each academic year, the IT department may delete all work, videos and photos from the iPad for the new school year.

iPad warranty and maintenance

To implement the one-to-one Apple iPad program at Al Ittihad National Private School, the school facilitated the parent purchase of iPads through Apple authorized reseller/Apple Solution expert for Education. It is the parents' responsibility to purchase the AppleCare+ extended warranty program (Total two years). AppleCare+ provides repair or replacement coverage, for both parts and labor, from Apple authorized technicians

In case any damage happens, it is the parents' responsibility to visit an Apple Store for replacement or maintenance. It is not the school's responsibility to fix damaged iPads.

Each iPad will be fixed/replaced for up to two incidents of accidental damage, each subject to a AED 179 service fee. Starting from the third incident, if any, parents are liable for the full repair cost.

For more details, please read the AppleCare+ service agreement located in the below link:

Responsibilities

School

The school will ensure that appropriate educational apps and software are placed in the iPads, and also that the iPads are used prudently in the classroom for maximum benefit.

The school will ensure that any damage or issues (not including negligence, abuse or malicious damage) are dealt with expediently.

Cyber Safety and Internet Usage Awareness campaigns will be conducted through different sessions across the school

Enrichment programs such as Map Skills, IXL, Asafeer, Learning A-Z, etc... will be downloaded and personalized accounts will be created for students

Al Ittihad National Private School is responsible for training all staff in all technology tools used in the school, to ensure the quality of in-class usage.

A safe Firewall Network Security System that monitors incoming and outgoing network traffic will be used based on Al Ittihad National Private School's Online Security Rules.

All iPads in the school will be monitored, managed and secured by the school MDM (Mobile Device Management)

Parents & Students

Parents and students should ensure that:

Students bring in their iPads to school every day. Leaving your iPad at home when it is part of the learning process in a given class is comparable to leaving an assignment at home.

Establish a routine or checklist at home to bring all of your materials for school.

Any problems, vandalism, damage, loss or theft of the iPad must be reported immediately to the supervisor and the IT Department. Parents and students should not ignore issues with the iPad, even if they seem relatively minor. These must be reported as soon as they are noticed, as this could affect the warranty and insurance of the device.

Only a clean, soft cloth is used to clean the iPad screen, and not cleaning fluids. Students should not write or draw on the iPad and stickers should not be applied directly to the iPad.

A screen protector and an iPad cover should be purchased for students iPads.
All students should submit their iPads for updates and weekly checking reports.

Acceptable iPad Use

The iPad is for educational use only and should not be used for recreational purposes. It is an educational aid to learning and must be treated as such.

In lessons, the iPad should be left on the desk, face down, until the teacher instructs the use of the device. Students should not let other students use their device. This is a serious breach of policy, and will be dealt with accordingly.

Students are not to create, participate in, or circulate content that attempts to undermine, hack into and/or bypass the hardware and software security mechanisms that are in place. This includes any profiles added to the device that link the device to the school and allow for delivery of apps provided by the school. Teaching staff have the right to look at any application or file on the iPad at any time.

Students are not permitted to sync the iPad with any computer, or clear or disable browsing history on the device. They are also not allowed to modify the settings of the iPad.

The camera feature should only be used at the appropriate times (e.g. when asked by a teacher during an educational activity). **By law, any pictures taken need the permission of teachers and students being captured on camera. Capturing pictures or videos for any teacher/staff at Al Ittihad National Private School is a second level conduct offence and actions will be taken based on the School Discipline Policy**

Inappropriate media may not be used as wallpaper/screensaver/background photo. Presence of guns, weapons, inappropriate language or materials, alcohol, drug, gang related symbols or pictures will result in disciplinary actions.

Students are prohibited from using their iPads in any manner which goes against the UAE's cultural or religious values.

Personal Health and Safety

Families are encouraged to create their own home user agreement. Many examples can be found online at sites such as commonsensemedia.org. Parents are encouraged to set a checking time for their children's mobile electronic devices to encourage a restful night free of gaming, text messaging and or other social media exchanges.

Please keep the iPad in a secure location when it is not at school, and the school recommends that when using the iPad at home, it is used in a family or common area, and not in the bedroom.
